Mandy Moore Joined By Rachael Yamagata and Ben Lee on Select Tour Dates

*Mandy Moore Currently on Headlining Tour,
in Support of Her Critically Acclaimed Release, Wild Hope.*

New York, NY -- In support of her critically acclaimed release, *Wild Hope*, Mandy Moore is currently on a headlining tour, featuring Rachael Yamagata and Ben Lee supporting on select dates (see below itinerary). Having assembled an accomplished group of musicians to join her, Moore will debut the intimate and organic folk-pop songs off her new album, in various theaters nationwide.

Fans and critics alike have praised Moore as she emerges from her former teen star shell into a respectable singer-songwriter, having collaborated with the likes of Rachael Yamagata, The Weepies, Lori McKenna, among others.

“*Wild Hope*, is a revelation. It's an arresting, accessible collection of folk-pop tunes and one of the year's best releases,” boasts the Houston Chronicle, while the Washington Post concedes, “her latest incarnation as earnest, adult-contemporary singer is her true calling and at a sold-out show, she pulled the whole thing off convincingly.” The Oregonian adds, “her voice has deepened and has a lush quality that shines in ballads” while the Charlotte Observer concurs, “Moore exhibited incredible vocal skills.” The Daily Texan boldly concludes, “don't be surprised if this concert ends up overtaking the ballsy Woodstock set from Jimi Hendrix in terms of popularity.”

Rounding out the bill, Moore has also contributed vocals to Ben Lee's forthcoming album, *Birds and Bees* (released September 18).
